Special Temporary Authority  
BSTA-20160810ABT

Dear Licensee:

This is in reference to the request filed August 10, 2016 on behalf of Kaspar Broadcasting Co. Inc. ("Kaspar"). Kaspar filed license application BLFT-20160505AFQ on May 5, 2016, indicating that the translator had been constructed per construction permit BMPFT-20150902AAS, but was operating with reduced power of 50 watts (0.050 kW). FCC staff requested the current Special Temporary Authority (STA) filing for continued operation on Channel 285 (using the new call sign W285FC) in this manner.<sup>1</sup>

The STA request for continued reduced power operation IS GRANTED. Kaspar must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **April 16, 2017, or the date that license application BLFT-20160505AFQ is dismissed, whichever is earlier..**

Sincerely,

Dale Bickel  
Senior Engineer

<sup>1</sup> On September 13, 2016, the staff granted construction permit BPFT-20160824AAR for operation on Channel 286. That permit has not yet been implemented.
