

**Technical Statement**  
**Application for Construction Permit**  
**W239BL 95.7 mHz. Facility ID 147219 Poughkeepsie, NY**  
**June, 2011**

*This technical statement is prepared by Charles Williamson, president of Digital Radio Broadcasting, Inc.(DRB), licensee of W239BL Poughkeepsie, NY, Facility ID 147219.*

*The purpose of this application is to change the transmit antenna to a directional type and increase Effective Radiated Power.*

*The proposed facility is a fill-in translator for WGNV-FM at Rosendale, NY. As such, the facility is compliant with 74.1235 pertaining to Power Limitations as the proposed Effective Radiated Power will not exceed 250 watts in its main lobe.*
