

**MODIFICATION OF STATION LICENSE**  
**MTD, INC.**  
**KIDX (FM) RADIO STATION**  
**CH 268C2 - 101.5 MHZ - 0.92 KW**  
**RUIDOSO, NEW MEXICO**  
**December 2014**

**TECHNICAL STATEMENT**

This Technical Statement was prepared on behalf of MTD, Inc. ("MTD"), licensee of radio station KIDX, Channel 268C2, Ruidoso, New Mexico (BLH-20010228AAI). MTD is herein submitting an application to modify the license of KIDX to reflect the installation of a combiner in order for co-owned station KNMB, Channel 244C, Cloudcroft, New Mexico to share the KIDX antenna.<sup>1</sup> No change to the licensed center of radiation or power is proposed. A calculation of the transmitter power output of the KIDX transmitter is attached as Exhibit A.

Since no construction permit was necessary to install the combiner, there are no operating conditions or restrictions for KIDX. However, MTD will, in cooperation with other tower users, reduce the power of KIDX or cease operation, as necessary, to insure that persons having access to the tower will not be exposed to radio frequency electromagnetic fields in excess of the FCC's guidelines.

---

1) KNMB is currently operating under a Special Temporary Authority ("STA") at the KIDX site. An application to permanently move KNMB to the KIDX site and share the KIDX antenna will be submitted shortly. Therefore, this FCC Form 302-FM application proposes to modify the KIDX license to reflect the combiner KIDX and KNMB will use.
