Re: Purchase of the Assets of KULR Corporation, L.L.C., a Delaware limited liability company ("KULR") and KFBB Corporation, L.L.C., a Delaware limited liability company ("KFBB" and collectively with KULR, "Sellers") by Max Media of Montana LLC (the "Company") and MMM License LLC ("License Sub" and collectively with the Company, "Buyer")

Ladies and Gentlemen:

Re: Purchase of the Assets of KULR Corporation, L.L.C., a Delaware limited liability company ("KULR"), and KFBB Corporation, L.L.C., a Delaware limited liability company ("KFBB" and together with KULR, the "Sellers" and each a "Seller"), by Max Media of Montana LLC (the "Company") and MMM License LLC ("License Sub" and together with the Company, the "Buyer")

Gentlemen:

We have acted as special counsel for the Sellers and Parent in connection with the Asset Purchase Agreement (the "Agreement"), dated as of August \_\_, 2003, among the Sellers, Wooster Republican Printing Company, an Ohio corporation ("Parent"), and the Buyer. This opinion is delivered pursuant to Section 9.1(h) of the Agreement. Terms defined in the Agreement and not otherwise defined herein have the meanings set forth in the Agreement.

In connection with this opinion, we have examined only the following:

- (a) executed counterparts of the Agreement, the bills of sale and deeds delivered pursuant to the Agreement, the Assignment and Assumption Agreement, the Noncompetition Agreement, the Earnest Money Escrow Agreement and the Indemnification Escrow Agreement (all of the foregoing, the "Sale Documents");
- (b) the Certificate of Formation of each Seller, as certified as of \_\_\_\_\_, \_\_\_\_\_ by the Secretary of State of Delaware;

- (c) the Limited Liability Company Agreement of each Seller, as certified by the Secretary of such Seller;
- (d) a copy of certain resolutions of the Board of Managers of KULR adopted by a Written Action of Managers Without Meeting dated August \_\_, 2003, as certified by the Secretary of KULR;
- (e) a copy of certain resolutions of the Board of Managers of KFBB adopted by a Written Action of Managers Without Meeting dated August \_\_, 2003, as certified by the Secretary of KFBB;
- (f) a Certificate of Good Standing of the Secretary of State of Delaware for each Seller, dated \_\_\_\_\_, \_\_\_\_\_ (the "Delaware Good Standing Certificates");
- (g) a Certificate of Good Standing of the Secretary of State of Montana for each Seller, dated \_\_\_\_\_, \_\_\_\_\_ (the "Montana Good Standing Certificates"); and
- (h) copies of those contracts, orders and other items we have considered necessary or advisable to examine.

In our examination we have assumed but have not independently verified the genuineness of all signatures on all documents examined by us, the authenticity of all documents delivered to us as originals and the conformity to the originals of all documents submitted to us as certified, photostatic or conforming copies, and the authenticity of such latter documents. With your consent, except for the Delaware Good Standing Certificates and the Montana Good Standing Certificates, we have neither examined nor requested an examination of the indices or records of any court or governmental or other agency, authority, instrumentality or entity.

We have assumed that each of the Company and the License Sub has all requisite power and authority and has taken all necessary limited liability company action to execute and deliver the Sale Documents to which it is a party and to effect the transactions contemplated thereby. We also have assumed that each Sale Document constitutes the legal, valid and binding obligation of each of the parties thereto (other than the Sellers) and is enforceable against each such party in accordance with its terms.

Based solely upon, subject to and limited by the foregoing, we are of the opinion that:

- (i) Each Seller is a limited liability company duly organized, validly existing under the laws of the State of Delaware and in good standing under the laws of the State of Delaware and the State of Montana. Parent is a corporation duly organized, validly existing under the laws of the State of Ohio and in good standing under the laws of the State of Ohio.

- (ii) Each Seller and the Parent has all requisite limited liability company and corporate power and authority, respectively, to enter into the Sale Documents, to perform its obligations under the Sale Documents and to consummate the transactions contemplated by the Sale Documents. All necessary limited liability company and corporate action has been taken with respect to the execution, delivery and performance by the Sellers and Parent, respectively, of the Sale Documents and the consummation of the transactions contemplated by the Sale Documents.
- (iii) Each Sale Document has been duly executed by the Sellers and is a legal, valid and binding obligation of the Sellers, enforceable in accordance with its terms, subject to applicable bankruptcy, insolvency, reorganization and moratorium laws and other laws of general application affecting the enforcement of creditors' rights generally, general equitable principles and the discretion of the court before which any proceeding therefor may be brought. Each Sale Document to which Parent is a party has been duly executed by Parent and is a legal, valid and binding obligation of Parent, enforceable in accordance with its terms, subject to applicable bankruptcy, insolvency, reorganization and moratorium laws and other laws of general application affecting the enforcement of creditors' rights generally, general equitable principles and the discretion of the court before which any proceeding therefor may be brought.
- (iv) To the best of our knowledge, there is no claim, action, litigation or proceeding, judicial or administrative, or governmental investigation, pending or threatened, against either Seller or Parent relating to the Sale Documents or the transactions contemplated thereby.
- (v) Neither the execution and delivery of the Sale Documents nor the consummation by the Sellers or Parent of the transactions contemplated thereby nor compliance by the Sellers or Parent with any of the provisions of the Sale Documents will (a) breach or conflict with any of the terms, provisions or conditions of the Certificate of Formation or Limited Liability Company Agreement of either Seller or the Articles of Incorporation or Bylaws of Parent; (b) to our knowledge, violate any provision of any constitution, statute, or regulation applicable to either Seller or Parent, other than FCC or anti-trust statutes or regulations (to which we give no opinion); or (c) except as set forth in the Agreement or the schedules thereto, violate, conflict with or result in a breach of any material agreement, contract, mortgage, instrument, indenture, license, order or decree known to us to which either Seller is a party or by which either Seller or Parent is or may be bound with respect to the Assets.
- (vi) To the best of our knowledge and except as provided in the Schedules to the Agreement, neither Seller is a party or subject to any agreement, instrument, order, writ, judgment or decree, the terms of which would conflict with the terms of the Sale Documents.

Our opinion in paragraph (i), above, is based solely on the Delaware Good Standing Certificates, the Montana Good Standing Certificates, and telephonic confirmation of good standing as of the date hereof. The opinions expressed herein based on our knowledge or awareness of certain information are based on the knowledge or awareness of those attorneys in our office devoting substantive attention to the transactions contemplated by the Agreement.

This opinion is limited to matters of Ohio law, the federal laws of the United States of America (other than FCC and anti-trust laws) and with respect to paragraphs (i) and (ii), above, the Delaware General Corporation Law, and we express no opinion with respect to any law of any other jurisdiction. We note that the Sale Documents purport to be governed by and construed in accordance with the laws of the State of Delaware. The opinions herein have been rendered as if all the Sale Documents were governed in all respects by the laws of the State of Ohio, without giving effect to principles of conflict of laws, and we are not aware that Delaware law differs from Ohio law in any relevant respect.

The opinions expressed herein are furnished to you solely for your benefit in connection with the transactions contemplated by the Sale Documents, and may not be used for any other purpose or relied upon by any other person or entity without our prior written consent, except that BNP Paribas, MBG-GG LLC, MBG Quad-C Investors I, Inc., MBG Quad-C Investors II, Inc., Colonnade Max Investors Inc., Quad-C Max Investors, Inc. and Quad-C Max Investors II, Inc. may rely on this opinion solely in connection with their financing and equity arrangements with Buyer. The opinions expressed in this letter are made only as of the date hereof and cannot be relied upon with respect to events that occur subsequent to the issuance of this letter. We assume no obligation to advise you of any changes in the foregoing subsequent to the delivery of this letter. The opinions in this letter are limited to the matters set forth in this letter, and no other opinion should be inferred beyond the matters expressly stated. The opinion is not to be quoted in whole or in part or otherwise referred to, nor is it to be filed with any governmental agency or any person without our prior written consent, except as may be required by applicable law or by order of any governmental authority. The opinions set forth herein constitute our professional judgment as to such matters and should not be considered to be a guarantee of any particular result.

Very truly yours,

BAKER & HOSTETLER LLP

Re: Purchase of the Assets of KULR Corporation, L.L.C., a Delaware limited liability company ("KULR") and KFBB Corporation, L.L.C., a Delaware limited liability company ("KFBB" and collectively with KULR, "Seller") by Max Media of Montana LLC (the "Company) and MMM License LLC ("License Sub" and collectively with the Company, "Buyer")

Ladies and Gentlemen:

We have served as special counsel to Seller in connection with the transactions contemplated by the Asset Purchase Agreement, dated \_\_\_\_\_, 2003 (the "Agreement"). This opinion is delivered pursuant to Section 9.1(e) of the Agreement. Unless otherwise defined herein, capitalized terms used herein have the meanings ascribed to such terms in the Agreement.

We have reviewed the Agreement and such other company records of Seller, certificates of public officials, certificates of officers of Seller and other documents and have made such examinations of law and fact as we have deemed necessary or relevant in connection with the opinions set forth below. In rendering the following opinions, we have assumed, without investigation, the authenticity of any document or other instrument submitted to us as an original, the conformity of the originals of any document or other instrument submitted to us as a copy, the legal capacity of natural persons and the genuineness of all signatures on such originals or copies and that each document upon which we have relied that was given or dated earlier than the date hereof was accurate when given and has remained accurate from such earlier date through and including the date hereof. We have also assumed, but have not independently verified, that all documents executed by a party other than officers and agents of Seller were duly and validly executed and delivered by such party and are legal, valid, and binding obligations of such party enforceable against the party in accordance with their respective terms.

With respect to questions of fact, we have relied, without independent inquiry or verification by us, solely on (a) the representations and warranties set forth in the Agreement, (b) written and oral representations of members, managers, directors, officers and shareholders of Seller and (c) certificates of public officials, and we do not opine in any respect as to the accuracy of any such facts. We have also relied on an examination of our own files and records

and examination of the public records of the Federal Communications Commission ("FCC"). We have also relied on representations made by Seller to the FCC and on certificates of fact of officers of Seller as we have deemed necessary.

In all instances where any opinion herein is qualified by "to the best of our knowledge," we have relied, with your consent on the absence of contrary knowledge by the attorneys and paralegals of our firm who have given substantive attention to the transactions contemplated by the Agreement, and we have not made (nor do we acknowledge any duty to make) any independent or other investigation with respect thereto. You should be aware that records of the FCC that are public as a matter of law may not be publicly available as a matter of fact. Furthermore, there may be records of matters pending at the FCC that are not available for inspection by the public as a matter of law.

The opinions herein are limited to matters arising under the Communications Act of 1934, as amended ("Act"), the rules, regulations and published policies of the FCC and the federal laws of the United States of America, and we express no opinion as to any other laws except as specifically stated herein.

Based on and subject to the foregoing as well as to the additional qualifications and other matters hereinafter set forth, we are of the opinion that:

1. Seller validly holds the FCC Authorizations specified on Schedule 3.10 of the Agreement, attached hereto as Exhibit A.
2. The FCC Authorizations are in full force and effect and, to the best of our knowledge, are not subject to any conditions outside the ordinary course. The most recent applications for renewal of the FCC Authorizations were filed with the FCC and were granted by the FCC in the ordinary course. Such grants ("Grants") are in full force and effect.
3. The FCC has granted its consent to the assignment of the Authorizations from Seller to Buyer without the imposition of conditions outside the ordinary course and such consent ("Consent") is in full force and effect and has not been reversed, stayed, enjoined, set aside, annulled or suspended, and, with respect to the Consent, to the best of our knowledge no requests are pending for administrative or judicial review, reconsideration, appeal or stay. The Grants and the Consent are collectively referred to as the "Approvals." The time within which any party in interest other than the FCC may seek administrative or judicial reconsideration or review of any of the Approvals has expired and to the best of our knowledge no petition for such reconsideration or review was timely filed with the FCC or with a court of competent jurisdiction. The normal time within which the FCC may review of any of the Approvals on its own motion has expired, and the FCC has not undertaken such review. No other consent, approval, authorization or order of the FCC is required in connection with the sale of assets by Seller to Buyer pursuant to the Agreement.

4. To the best of our knowledge, other than proceedings of general applicability to the broadcast industry, (i) there is no unsatisfied adverse FCC order, decree or ruling outstanding against Seller, the Stations, or any of the FCC Authorizations; (ii) there is no action pending or threatened by or before the FCC to revoke, cancel, rescind, modify or refuse to renew in the ordinary course, the Approvals, or any FCC Authorizations; and (iii) there is not now pending, issued, outstanding or threatened by or before the FCC any proceeding, investigation, order to show cause, cease and desist order, notice of violation, notice of apparent liability, notice of forfeiture, petition or complaint with respect to Seller, the Stations, the Approvals, or any FCC Authorizations which threatens in any material respect or could reasonably be expected to have a material adverse effect upon any Authorization or that could reasonably be expected to have a material adverse effect upon the operation of either of the Stations.

5. The execution, delivery and performance by Sellers of the Agreement does not and shall not, due to Sellers' conduct or status, (i) violate the Act, the rules, regulations and published policies of the FCC or applicable federal law, or (ii) cause any forfeiture or impairment by the FCC of the FCC Authorizations.

The opinions herein are given as of the date hereof. We assume no obligation to update or supplement any of the opinions to reflect any facts or circumstances that may hereafter come to our attention or any changes in laws which may hereafter occur.

This letter is furnished to you specifically in connection with the Agreement, and solely for your information and benefit. It may not be relied on by you in any other connection, and it may not be relied on by any other person for any purpose, except that lenders and investors, as designated by Buyer, may rely on this opinion solely in connection with their financing arrangements with Buyer. It may not be assigned, quoted or used without our specific prior written consent.

Very truly yours,

Re: Purchase of the Assets of KULR Corporation, L.L.C., a Delaware limited liability company ("KULR") and KFBB Corporation, L.L.C., a Delaware limited liability company ("KFBB" and collectively with KULR, "Sellers") by Max Media of Montana LLC (the "Company") and MMM License LLC ("License Sub" and collectively with the Company, "Buyer")

Ladies and Gentlemen:

We have acted as counsel to Buyer in connection with the acquisition by Buyer of Seller's interest in the television broadcast stations owned by the Seller (the "Business"), including substantially all of the operating assets related to the Business. The terms and conditions of the sale of the Business are set forth in certain documents by, between and among Sellers and Buyer, including, but not limited to the Asset Purchase Agreement, dated \_\_\_\_\_, 2003 (the "Agreement"), and all of the documents required by the Agreement to be delivered by one or more parties to the Agreement (the Agreement and all of such documents are collectively referred to as the "Transaction Documents").

This opinion is given pursuant to Section 9.2(f) of the Agreement. All capitalized words and phrases used in this letter and not otherwise defined will have the meanings and definitions set forth in the Agreement.

In connection with this opinion letter, we have examined fully executed originals of each of the Transaction Documents and such certificates of public officials, limited liability company documents and records, and other certificates, agreements, opinions and instruments as we

have deemed necessary and relevant. The examinations referred to above and the opinions in this letter are subject to the following assumptions, limitations and/or qualifications:

A. We have assumed the accuracy, completeness and correctness of all public records examined by us and of all certificates or reports by public officials, commissions or other agencies.

B. We have assumed (i) the genuineness of all signatures (excluding signatures of representatives of Buyer), (ii) the authenticity of all documents submitted to us as originals, (iii) the legal capacity of all natural persons, (iv) the conformity to the originals of all documents submitted to us as copies and (v) that the Transaction Documents will not be modified by an oral contract or course of dealing among the parties thereto.

C. We have assumed that each of the parties to the Transaction Documents, other than Buyer, (i) has full power and authority to enter into the Transaction Documents and to fulfill its obligations thereunder, (ii) is duly organized and validly existing in good standing under the laws of the jurisdiction of its organization and (iii) has duly authorized and validly executed and delivered each Transaction Document to which it is a party.

D. As to questions of fact material to our opinions, we have relied solely on (i) the representations of Buyer made in the Transaction Documents, (ii) the certificates of Buyer provided to us and (iii) certificates and statements of governmental authorities. Whenever our opinion with respect to the existence or absence of facts is qualified by the phrase "to the best of our knowledge," this indicates that during the course of our work for Buyer no information has come to our attention which would give us actual knowledge of the existence of any such facts. We have not, however, undertaken any independent investigation or inquiry to determine the existence or absence of any such facts and no inference as to our knowledge of the existence or absence of any such facts should be drawn from our representation of Buyer.

E. We are qualified to practice law in the Commonwealth of Virginia and are not experts on and do not express any opinions concerning, any laws other than the laws of the Commonwealth of Virginia, the corporate laws of the State of Delaware and the federal laws of the United States of America. The opinions expressed in this letter are based only on applicable Virginia, Delaware corporate, and federal laws, statutes, ordinances, rules and regulations as in existence as of the date of this letter, and we have assumed that the Transaction Documents will be controlled by applicable Virginia law as set forth in the Transaction Documents; *provided, however*, we express no opinion whatsoever concerning whether the subject transaction will comply with or violate any provisions of any state or federal anti-trust or securities laws, including, without limitation, the Securities Act of 1933, the Trust Indenture Act of 1939, the Securities and Exchange Act of 1934 and the Virginia Securities Act. We express no opinion as to the effect of any future amendments, changes, additions or modifications of any laws, and we will not update or supplement our opinions to reflect any facts, circumstances or changes in law which may come to our attention or which may occur after the date of this letter.

Based on such examinations and investigations, and subject to the limitations, assumptions and qualifications stated here in, we give you our opinion as follows:

1. Each of the Company and License Sub has been duly organized and is validly existing as a limited liability company under the laws of the Commonwealth of Virginia and has the power to carry on the Business as now being conducted, including the power to own and lease real and personal property. The Company is duly qualified to transact business in the State of Montana.

2. Buyer has the power and authority to enter into and perform the Transaction Documents to which it is a party. The execution, delivery and performance of the Transaction Documents have been duly authorized by all requisite action of Buyer, and the Transaction Documents have been duly executed and delivered to you by Buyer.

3. The Transaction Documents are valid and binding obligations of Buyer, and are enforceable against Buyer in accordance with their respective terms, except for the assumptions, limitations and qualifications set forth above and except for the following additional qualifications:

a. The legality, validity and enforceability of the Transaction Documents may be limited by bankruptcy, insolvency, moratorium, liquidation, reorganization or other similar laws affecting the enforcement of creditors' rights in general.

b. The legality, validity and enforceability of the Transaction Documents is subject to the exercise of judicial discretion and the application of general principles of equity, regardless whether considered in a proceeding in equity or at law.

4. The execution and delivery of each Transaction Document, to which Buyer is a party, and the performance by Buyer of the terms of such Transaction Documents to which it is a party, do not conflict with or result in a violation of the Articles of Organization or Operating Agreement of Buyer.

5. To the best of our knowledge, Buyer is not a party, and is not subject, to any agreement, instrument, order, writ, judgment or decree, the terms of which would conflict with the terms of the Transaction Documents.

6. To the best of our knowledge, no approval, authorization or other action by, or filing with, any governmental authority, other than the Federal Communication Commission, is required in connection with the execution and delivery by Buyer of the Transaction Documents.

7. To the best of our knowledge, there is no action, inquiry, investigation or proceeding threatened, or pending, at law or in equity or by or before any governmental instrumentality or agency having jurisdiction over Buyer that, if adversely determined, would materially affect the ability of Buyer to carry out the transactions contemplated by the Transaction Documents.

The foregoing opinions are limited to the matters stated in this letter and no opinion shall be implied or inferred beyond the matters expressly stated. These opinions (a) are rendered solely for your benefit, (b) may not be relied on by any other person or entity, (c) may not be used by or distributed to any other person or entity and (d) may not be used in connection with any

Radio Service: IG – Industrial/Business Pool, Conventional

Note: By a staff letter order addressed to James E. Rogers and Kenneth C. Howard, Jr., dated July 3, 2002, and placed on public notice on July 9, 2002 (Report No. 45272), the FCC's Video Services Division denied KFBB's displacement application and cancelled the license of its translator station K09HZ, Havre, Montana, for failing to transmit a broadcast signal for over one year. K09HZ had been forced to cease its operations on channel 9 due to the initiation of service of a full-power television station on that channel in Havre. KFBB petitioned for reconsideration of the cancellation and for reinstatement of its displacement application on August 8, 2002. That petition for reconsideration remains pending. KFBB's interests in this proceeding are to be assigned with the other KFBB Authorizations.
