

TECHNICAL STATEMENT  
RADIO MULTIPLE OWNERSHIP ANALYSIS  
CLEAR CHANNEL BROADCASTING LICENSES, INC.

This statement and the attached figures were prepared on behalf of Clear Channel Broadcasting Licenses, Inc. ("CCBL"), a licensee subsidiary of Clear Channel Communications, Inc. ("CCC"). CCBL proposes to modify the facilities of WBTP(FM) Clearwater, FL. A multiple ownership analysis was prepared considering the following radio stations under present or proposed common ownership, time brokerage or joint sales.<sup>1</sup>

Since certain of these stations have overlapping principal community contours (5 mV/m for AM stations, 3.16 mV/m for FM stations), or are located in, or home to, the same Arbitron Metro Markets, an ownership study has been prepared in accordance with the Federal Communications Commission's local radio ownership rule.<sup>3</sup>

CCC does not have an attributable interest in any other station with a principal community contour that overlaps or intersects the principal community contour of WBTP(FM) as proposed, or which is located in the same Arbitron Metro<sup>4</sup> as WBTP(FM)). The community of license of WBTP(FM) is located within the Tampa-St. Petersburg-Clearwater, FL Arbitron Metro, and WBTP(FM) is reported by BIA as being "Home" to that Metro only. Contour overlap of the station to be modified, as depicted in Figure 1, also occurs with commonly-owned stations whose communities of license are located in the nearby Sarasota-Bradenton, FL Arbitron Metro market.

#### Arbitron Market Study

WBTP(FM) is reported by BIA as being "Home" to the Tampa-St. Petersburg-Clearwater, FL Arbitron Metro. This proposal is in compliance with the local radio ownership rules for that Arbitron Metro, as evidenced by Table 2 below:

#### Interim Contour-Overlap Analysis

Because the principal community of the station to be modified, and the communities of all commonly-owned or attributable stations with overlapping principal contours with the station to be modified are located inside an Arbitron Metro, an interim contour-overlap analysis is not required.

#### Conclusions

In the Arbitron Radio Market studied herein, there are at least 47 radio stations, including the subject commonly-owned 3-AM / 5-FM stations, which are home to the Tampa-St. Petersburg-Clearwater, FL Metro. This proposal does not affect the existing number of commonly-owned stations in the subject BIA Metro.

Based on the above, it is concluded that the proposed modification complies with Section 73.3555(a) of the FCC Rules.

Respectfully submitted,

Troy G. Langham
