**Re: Notification of Reduced Power  
WARX(FM), Lewiston, ME(FIN: 26389)**

Dear Ms. Dortch:

On behalf of Educational Media Foundation ("EMF"), the licensee of noncommercial FM radio station WARX, Lewiston, Maine and pursuant to Section 73.1560(d) of the Commission's rules, this letter is to notify the Commission that WARX has been operating at reduced power since June 9, 2014.

On June 9, 2014, WNLI's transmitter failed as a result of a catastrophic power surge and thus the station began operating below ninety percent of its authorized power. EMF is in the process of replacing the necessary parts to return to full power operation. If EMF is unable to return WARX to full power operations within 30 days, EMF will request special temporary authority to allow WARX to continue operating at reduced power, as required by the Commission's rules.

Should there be any questions regarding this matter, please contact the undersigned.

Respectfully submitted,

Mary N. O'Connor
