BSTA-20161028AAE

Dear Ms. Mills:

This is in reference to your request filed October 28, 2016, on behalf of Calvary Chapel of Twin Falls, Inc. ("CCTF"). CCTF requests Special Temporary Authority (STA) to continue operating WKQY at reduced power, due to a transmitter malfunction.

Section 73.1560(d), which governs reduced power operation, states:

In the event it becomes technically impossible to operate at authorized power, a broadcast station may operate at reduced power for a period of not more than 30 days without specific authority from the FCC. If operation at reduced power will exceed 10 consecutive days, notification must be made to the FCC in Washington, DC, Attention: Audio Division (radio) or Video Division (television), Media Bureau, not later than the 10th day of the lower power operation. In the event that normal power is restored within the 30 day period, the licensee must notify the FCC of the date that normal operation was restored. If causes beyond the control of the licensee prevent restoration of the authorized power within 30 days, a request for Special Temporary Authority (see Section 73.1635) must be made to the FCC in Washington, DC for additional time as may be necessary.

Our review indicates that the requests comply with Section 73.1560(d).

Accordingly, the request for STA IS GRANTED. WKQY may operate with reduced power, as needed. CCTF must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. CCTF must notify the Commission when licensed operations resume.

This authority expires on **April 30, 2017**.

Sincerely,
