RE: Antenna certification

Dear Mr. Don Locke,

This letter is to inform you that I have visited your property on Kilmore Road in Owen Township, Clinton County, Indiana. I have checked the position of the antenna on the WQSG radio tower located at 40° 22' 14" N Latitude and 86° 30' 32" W Longitude. To the best of my knowledge, information and belief the antenna installation was mounted at an azimuth of 300° from True North.

Your attention and consideration for this development is greatly appreciated.

Sincerely,

Ronald E. Wharry
