Dear Applicant:

This refers to your attorney's letter dated August 20, 2014, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that the licensee will be removing its pre-transition DTV channel 55 antenna. During the process the licensee will install and operate from a stand-by antenna located below its licensed antenna and will operate at reduced power. You state that reduced power operations will continue to be necessary while the applicant is trying to complete the work and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until February 25, 2015 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
