

## COMPLIANCE WITH MULTIPLE OWNERSHIP RULES

By this application (the “Application”), CBS Radio Stations Inc. (“CBS Radio”) proposes a minor modification of the facilities of radio broadcast station KSCF(FM), Facility ID No. 59816 (the “Station”). Specifically, the Application proposes to change the location of the main antenna. The Application does not seek to change the Station’s frequency or community of license, nor does it create new or increased concentration of ownership among commonly owned, operated or controlled media properties. At the request of Commission staff, CBS Radio amends the Application to show compliance with the Multiple Ownership Rules.

The Station’s community of license is San Diego, California, which is included in the San Diego Arbitron Metro.

The attached Exhibit, *FCC Geographic Market Definition for San Diego, CA*, was compiled on July 20, 2006 using BIA Research, Inc.’s *Media Access Pro* database. The Exhibit lists all radio stations, including the Station, that are listed as “home” to the San Diego Arbitron market, or that have a community of license located within the counties comprising the San Diego Arbitron market, even if such stations list another Arbitron market as “home.”

As demonstrated in the Exhibit, there are 48 stations in the San Diego Arbitron market. Pursuant to the local radio ownership rules, 47 C.F.R. § 73.3555(a)(1), a person or single entity (or entities under common control) in a radio market with 45 or more full-power, commercial and noncommercial radio stations may have a cognizable interest in not more than 8 commercial radio stations in total, and not more than 5 commercial stations in the same service (AM or FM).

As demonstrated in the Exhibit, CBS Radio owns 2 stations in the market (KYXY(FM) and the Station), and therefore complies with the local radio ownership rules.

The proposed minor modification therefore complies with 47 C.F.R. § 73.3555.
