

Note: The FM Translator station's originally proposed 60 dBu contour is shown below as the thin red dashed contour. The 60 dBu contour of the facility proposed herein is the thick red dashed contour. Because these contours overlap, the instant proposal is considered a minor amendment to the pending applicaiton for modification of construction permit.

AM Primary Station and Proposed FM Translator Station Fill-In Study

Amended Exhibit A February, 2017

25-Mile Radius
Circle from AM Station
