BNPED-20071019AUF

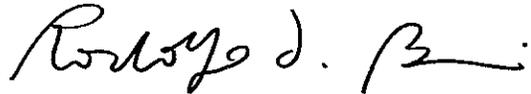

Dear Applicant:

This letter refers to the above-captioned application for a new non-commercial educational FM facility to serve Victor, MT.

An engineering review of the application reveals that the application fails to comply with 47 C.F.R. § 73.525(e)(3)(iii) with respect to TV Channel Six Station KTVM(TV), Butte, MT. Specifically, our calculations show that the city grade contour (77 dBu) of NBC network affiliate station KECI-TV, Missoula, MT does not fully encompass the predicted interference area to KTVM. Therefore, BVCC can not exclude the entire population within the predicted interference area. This constitutes an acceptance defect.

In light of the above, Application BNPED-20071019AUF is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and is HEREBY DISMISSED. These actions are taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

Rodolfo F. Bonacci
