

EXHIBIT 1

Purpose of Application

By this application, Sangre de Cristo Communications, Inc. ("SCC"), licensee of low power television station K30AA, Colorado Springs, Colorado, seeks to cover its construction permit providing the Commission with corrected engineering data for K30AA *See* FCC File No. BPTT-20010814AAW. The license for K30AA contains the following geographic coordinates (BLTT-19800911IE):

38-44-42 North
104-51-39 West

The correct coordinates for the station's transmitter site, which were recently measured by the station's chief engineer with a GPS-based instrument, are as follows:

38-44-45 North
104-51-40 West

SCC respectfully requests that the Commission issue a license for K30AA reflecting the parameters described herein.
