**Re: WNTX(AM), Fredericksburg, VA (Facility ID #65640)  
Notification of Reduced Power Operation**

Dear Ms. Dortch:

On behalf of Alpha Media Licensee LLC ("Alpha"), the licensee of AM radio station WNTX, Fredericksburg, Virginia, this is to notify the Commission that as of March 16, 2019, WNTX is operating at reduced power after it was discovered that the station is causing interference to a co-located, co-owned Part 74 aural STL facility. WNTX is currently operating at 125 watts daytime and its licensed 37 watts nighttime. In the event that the station cannot resume full power operation by April 15, 2019, Alpha will seek special temporary authority for WNTX to continue to operate at reduced power until full power operation can be restored.

Should there be any questions concerning this matter, please contact the undersigned.

Very truly yours,

Gregory L. Masters
