

## **MULTIPLE OWNERSHIP SHOWING**

With this application, Infinity Radio Inc. (“Infinity”) proposes to acquire radio station KEAR(FM) (Facility ID No. 20897), San Francisco, California (“KEAR”).

Infinity’s acquisition of KEAR implicates two of the Commission’s multiple ownership rules: (1) the local radio multiple ownership rule and (2) the radio-television cross-ownership rule. As demonstrated below, following Infinity’s intended sale of a radio station in the FM service in the San Francisco Metro and radio station KFRC(AM), Infinity’s acquisition of KEAR will fully comply with both the local radio multiple ownership rule and the radio-television cross-ownership rule.

### **I. Compliance With The Local Radio Ownership Rule**

The Commission’s local radio multiple ownership rule provides that in markets with 45 or more full-power, commercial and non-commercial radio stations, one party may have a cognizable interest in licenses for up to eight commercial radio stations, not more than five of which are in the same service (AM or FM). 47 C.F.R. § 73.3555(a)(1)(i). The Commission defines the relevant market to be Arbitron Metros where Arbitron market definitions exist. *See 2002 Biennial Regulatory Review – Review of the Commission’s Broadcast Ownership Rules and Other Rules Adopted Pursuant to Section 202 of the Telecommunications Act of 1996*, 18 FCC Rcd 13620, 13712-13 (2003) (“*Ownership Report and Order*”).

For the purposes of the local radio ownership rule, KEAR, which is licensed to San Francisco, is deemed to be a part of the San Francisco Arbitron Metro. As

demonstrated in the attached “FCC Geographic Market Definition for San Francisco, CA,” which was compiled on April 13, 2005 using BIA Research, Inc.’s *Media Access Pro* database, there are 105 full-power, commercial and non-commercial radio stations licensed to communities within the San Francisco Metro or which Arbitron designates as “home” to the San Francisco Metro. *See* Attachment A, Table 1. Accordingly, Infinity may have a cognizable interest in eight commercial radio stations (with five in the same service) in the San Francisco market.

Infinity either directly or indirectly through affiliate companies has a cognizable interest in the following eight radio stations in the San Francisco Arbitron Metro, five in the FM service and three in the AM service. *See* Attachment A, Table 1.

With the acquisition of KEAR, Infinity will be one FM station over the limit prescribed by the local radio ownership rule and thus required to divest one FM radio station in order to come into compliance with that rule. Infinity intends to sell one of the radio stations that it currently controls in the FM service in the San Francisco Arbitron Metro and therefore will accept a condition on the grant of this application that prohibits the closing on the acquisition of KEAR until Infinity has closed or is simultaneously closing

on the sale of the FM station. After the divestiture of the FM station and the subsequent acquisition of KEAR, Infinity will be in full compliance with the local radio ownership rule.<sup>1</sup>

## **II. Compliance With The Radio-Television Cross-Ownership Rule**

Infinity's acquisition of KEAR fully complies with the cross-media limits, 47 C.F.R. § 73.3555(c), adopted by the Commission following the repeal of the radio-television cross-ownership rule. *See Ownership Report and Order*, 18 FCC Rcd at 13747. The Third Circuit's stay of the effective date of the FCC's multiple ownership rules imposed in 2003 remains in effect, however, as to the repeal of the radio-television cross-ownership rule. *See Prometheus Radio Project v. FCC*, No. 03-3388 (3d Cir. Sept. 3, 2003); 373 F.3d 372, 435 (3d Cir. 2003) (remanding portions of the Commission's modified multiple ownership rules and ordering that the stay continue pending review of the Commission's action on remand). *See also Prometheus Radio Project v. FCC*, No. 03-3388 (3d Cir. Oct. 21, 2004) (denying motion to lift stay of the radio-television cross-ownership rule). Infinity thus remains subject to the radio-television cross-ownership rule.

The radio-television cross-ownership rule is triggered when either (a) the Grade A contour of a television station encompasses the community of license of a commonly owned radio station, or (b) when the 1 mV/m contour of an FM station or the 2 mV/m contour of an AM station encompasses the community of license of a commonly owned

---

<sup>1</sup> As described below, Infinity's affiliate has entered into an agreement to sell KFRC(AM). Following consummation of the sale of KFRC(AM), the number of stations controlled by Infinity and its affiliates in the San Francisco-San Jose Metro will be reduced by one AM station.

television station. Infinity's acquisition of KEAR triggers the rule because the 1 mV/m contour of KEAR entirely encompasses the city of San Francisco, the community of license of two television stations controlled by Infinity's parent, Viacom Inc.: KPIX-TV, San Francisco, California and KBHK-TV, San Francisco, California. The rule is independently triggered because the predicted Grade A contours of the KPIX-TV and KBHK-TV entirely encompass the city of San Francisco, the community of license of KEAR. *See* Attachment B, Map Showing Contours of KPIX-TV, KBHK-TV, KEZR(FM) and KBAY(FM).

Under the radio-television cross-ownership rule, an entity may control two commercial television stations (to the extent permitted by the local television multiple ownership rule) and six commercial radio stations in a market if at least 20 independently owned and operated media voices will remain in the market post-merger. 47 C.F.R. § 73.3555(c) (2002). Following consummation of the KEAR acquisition, there will be at least 70 independently owned and operated media voices in the San Francisco market.<sup>2</sup> *See* Attachment A, Tables 2, 3 and 4. Accordingly, Infinity and its parent, Viacom Inc., may control two commercial television and six commercial radio stations in the San Francisco market consistent the radio-television cross-ownership rule.

---

<sup>2</sup> No effort has been made to identify all independently owned and operated media voices in the San Francisco Metro, and the applicant hereby reserves the right to supplement this showing with additional independent voices if necessary.

Viacom Inc., through subsidiaries, controls the licenses for the following six radio stations in the San Francisco market:<sup>3</sup>

| Call Sign | Facility ID | City of License   |

| KCBS(AM)  | 9637        | San Francisco, CA |
| KLLC(FM)  | 9624        | San Francisco, CA |
| KFRC(AM)  | 1082        | San Francisco, CA |
| KFRC-FM   | 1084        | San Francisco, CA |
| KYCY(AM)  | 25458       | San Francisco, CA |
| KITS-FM   | 18510       | San Francisco, CA |

Viacom Inc.'s subsidiary, UPN Stations Group Inc. ("UPN"), and Family Stations, Inc. ("Family"), the assignor of KEAR under this application, have entered into an asset purchase agreement, dated as of March 7, 2005, pursuant to which UPN will sell and Family will acquire radio station KFRC(AM). Infinity's acquisition of KEAR is specifically conditioned on the prior closing of the sale of radio station KFRC(AM). On March 8, 2005, UPN filed an application requesting FCC consent to the assignment of the license for KFRC(AM) from UPN to Family. *See* FCC File No. BAL-20050308ACB. Following the sale of radio station KFRC(AM) to Family, Infinity and its affiliates will control two commercial television stations and five commercial radio stations. Thus, Infinity's acquisition of KEAR will result in Infinity and its affiliates controlling two commercial television stations and six commercial radio stations in the San Francisco market, in full compliance with the radio-television cross-ownership rule.

---

<sup>3</sup> The Grade A contours of KBHK-TV and KPIX-TV do not entirely encompass San Jose and Gilroy, California, the communities of license of KEZR(FM) and KBAY(FM), respectively. In addition, the 1 mV/m contours of KEZR and KBAY do not encompass San Francisco, the community of license of KBHK-TV and KPIX-TV. KEZR and KBAY thus do not count towards Infinity's radio-television cross-ownership limits here. *See* Attachment B, Map Showing Contours of KPIX-TV, KBHK-TV, KEZR(FM) and KBAY(FM).
