

## **Exhibit 10**

### **DESCRIPTION OF PRO FORMA TRANSACTION**

On September 25, 2007, the Commission approved a Form 314 application seeking consent to assign the license of WGXA(TV), Macon, Georgia (FID 58262) from Piedmont Television of Macon LLC to Fox24 of Macon LLC ("Fox24"). See FCC File No. BALCT-20070703ABT (the "Piedmont 314"). As depicted in the attached Figure 1, Jason R. Wolff ultimately controls Fox24 through the entities specified in the Piedmont 314. For reasons related to financing, by this Form 316 Mr. Wolff seeks consent to insert: (1) "Frontier Broadcast Holdings, L.L.C." above Fox24; and (2) "Fox24 of Macon License LLC" below Fox24. See Figure 2. Fox24 of Macon License LLC thus would serve as the licensee of WGXA(TV) upon consummation of the Piedmont 314. Both new entities are domestic limited liability corporations whose sole member will be the entity immediately above it in the ownership chain.

As reflected on the attached Figure 1 and Figure 2, because Jason R. Wolff ultimately controls the licensee and all intermediate subsidiaries before and after the proposed Form 316, this transaction qualifies as *pro forma*. As an internal, *pro forma* assignment, this transaction does not involve documents of the type described in Section II, Question 6.
