Re: NEW-LP, Reno, NV
Facility ID No. 195719
Reno Bike Project
File No. BNPL-20131114BWR

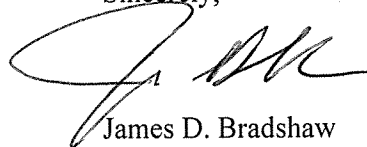

Dear Applicant:

The staff has under consideration the above-captioned application for a new low power FM station, as amended July 10, 2014.

An engineering study has revealed that the proposed transmitter site specified in the application fails to meet the minimum spacing requirements of 47 C.F.R. § 73.807. Specifically, the site proposed is located 31 kilometers from the construction permit (BMPFT-20140417AAF) of K245BV on channel 245 in Incline Village, NV. The required spacing pursuant to § 73.807 is 39 kilometers. The application fails to address this defect.

Accordingly, in light of the above, application BNPL-20131114BWR is unacceptable for filing and IS **HEREBY DISMISSED**. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

James D. Bradshaw
Deputy Chief
