**Certification for Appropriate Use of FCC Form 316**

On Top Communications of Virginia, LLC ("On Top") is the Assignee of the FCC 314 Assignment application for WWBR, West Point, VA (File No. BALH-20030211AAN). This application was granted by the FCC on March 27, 2003 but has not been consummated yet.

On Top's corporate structure and voting interests need to be updated in regards to the assignment of WWBR to reflect the corporate structure and voting interests which were recently approved on March 24, 2003, by the FCC's grant of FCC Form 315 Transfer of Control Applications for all of On Top's licensed stations and its parent company, On Top Communications, LLC (*e.g.*, File No. BTCH-20021206ABL).

Pursuant to a telephone discussion and email correspondence with FCC Media Bureau staff on April 28, 2003 and May 14, 2003, respectively, FCC Counsel to On Top was advised that a "Short Form" application would be appropriate and preferred by the staff to make this change.
