

EXHIBIT 14

TV/RADIO CROSS-OWNERSHIP

By the instant application, Clear Channel Broadcasting Licenses, Inc., a licensee subsidiary of Clear Channel Communications, Inc. ("Clear Channel"), proposes to acquire the licenses of KTVX(TV), Salt Lake City, Utah, and KMOL-TV, San Antonio, Texas. Clear Channel presently controls the licenses of radio stations in each of these markets through various licensee subsidiaries. Accordingly, this exhibit demonstrates that Clear Channel will comply with the Commission's TV/radio cross-ownership rule.

Salt Lake City, Utah

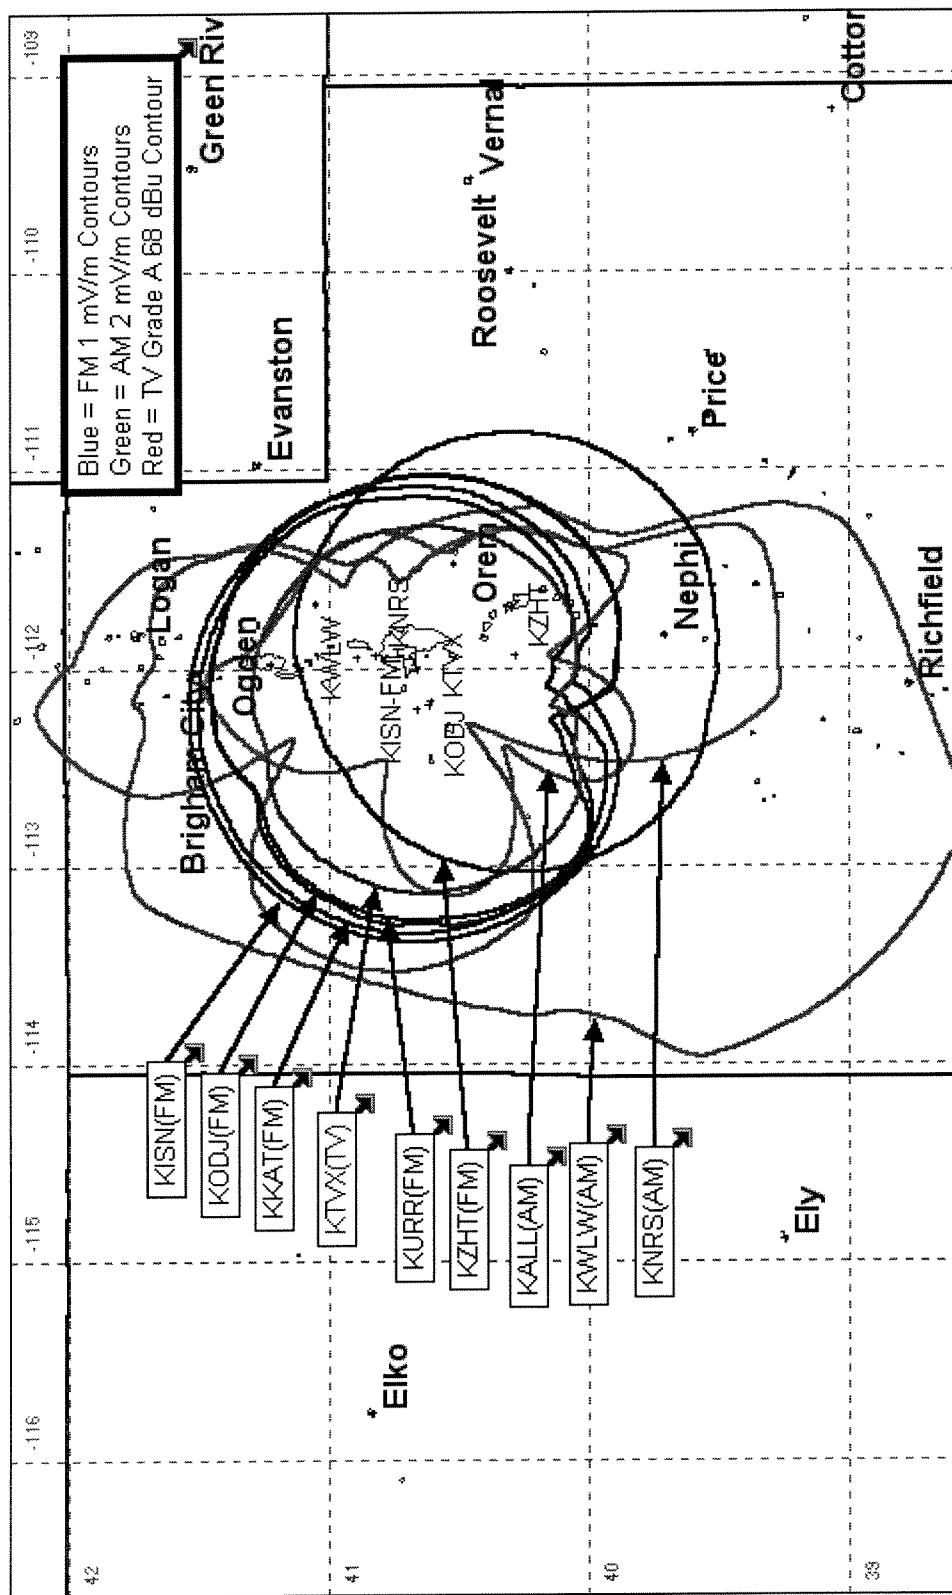

In the Salt Lake City, Utah market Clear Channel controls the licenses of KURR(FM), Bountiful, Utah; KWLW(AM), N. Salt Lake City, Utah; KKAT(FM), Ogden, Utah; KZHT(FM), Provo, Utah; and KALL(AM), KISN-FM, KNRS(AM), and KODJ(FM), Salt Lake City, Utah. Attached hereto as Attachment 1 is a map showing the 1 mV/m contours of the FM stations and the 2 mV/m contours of the AM stations, along with the Grade A contour of KTVX. As the map demonstrates, the TV/radio cross-ownership rule is triggered with respect to all of the stations, resulting in a 1 TV/8 radio combination that exceeds the limit by one radio station. Accordingly, Clear Channel is filing an application on FCC Form 314 to assign the license of KALL to Mercury Broadcasting Company, Inc. Following this necessary divestiture, Clear Channel will control a 1 TV/7 radio combination. Attached hereto as Attachment 2 is a study demonstrating that more than 8 independently-owned television

stations with Grade B contours that overlap the Grade B contour of KTVX will remain in the Salt Lake City, Utah DMA and more than 20 independent media voices will remain in the market upon consummation of the referenced transactions.

San Antonio, Texas

In the San Antonio, Texas market Clear Channel controls the licenses of KSJL-FM, Devine, Texas; and KAJA(FM), KQXT-FM, KTKR(AM), KXXM(FM), and WOAI(AM), San Antonio, Texas. Clear Channel also programs KSJL(AM), Somerset, Texas, pursuant to a local marketing agreement. Thus, Clear Channel has an attributable interest in 7 radio stations in the San Antonio market. Attached hereto as Attachment 3 is a map showing the 1 mV/m contours of the FM stations and the 2 mV/m contours of the AM stations, along with the Grade A contour of KMOL-TV. As the map demonstrates, the TV/radio cross-ownership rule is triggered with respect to all of the stations except KSJL-FM. Attached hereto as Attachment 4 is a detail of the San Antonio map demonstrating that the Grade A contour of KMOL-TV does not wholly encompass Devine, Texas, the community of license of KSJL-FM. Since the 1 mV/m contour of KSJL-FM does not encompass San Antonio either, the TV/radio cross-ownership rule is not triggered with respect to KSJL-FM. Thus, Clear Channel will have a 1 TV/6 radio combination. Attached hereto as Attachment 5 is a study demonstrating that more than 20 independent media voices will remain in the market upon consummation of the instant transaction.
