West Frankfort, Illinois 62896
July 17, 2009

In evaluating the proposed conversion to digital for W67CS, FID 28815, channel 67 being outside the core of channels (channels 2-51), channel 28 (T) was identified as a displacement channel with acceptable coverage. After thorough searching, channel 28 was found to cause no lethal levels of interference to stations in either the USA or Canada. Thus, Three Angels Broadcasting Network respectfully requests that the Commission look favorably on this application.
