TECHNICAL STATEMENT

This Technical Statement was prepared on behalf of BMP 100.5 FM, LP ("BMP"), licensee of analog low power television station KNEX-LP, Channel 55, Laredo, Texas. BMP holds an outstanding permit for KNEX-LP (BPTTL-20100804AAL) which corrects the coordinates of the KNEX-LP licensed site. This instant application seeks a license to cover the outstanding permit for KNEX-LP. Attached as Exhibit A is a calculation of the transmitter output power for the KNEX-LP transmitter.

There are no special operating conditions or restrictions on the KNEX-LP construction permit. However, BMP will, in cooperation with other tower users, reduce the power of KNEX-LP or cease operation, as necessary, to insure that persons having access to the tower will not be exposed to radio frequency electromagnetic fields in excess of the FCC's guidelines. Based on the foregoing, it is believed KNEX-LP is operating pursuant to the Commission's rules.
