

By this amendment the applicant seeks to correct the geographic coordinates of KAGG(FM) to conform with those of the Antenna Structure Registration (ASR) No. 1219799. Such a correction of fewer than 3 seconds in either latitude or longitude is permissible on a FCC Form 302 pursuant to 47 C.F.R Section 73.1690(c)(11).

No spacing issues are created by this action, no construction or modification of the facility are to be or have been made in relation to this coordinate correction. A spacing study demonstrating this is attached below.

This application also specifies a change in the transmitter power output (TPO) of the station.

ComStudy 2.2 search of channel 241 (96.1 MHz Class C2) at 30-48-02.1 N, 96-07-02.7 W.
