Tupelo, MS 38803

To whom it may concern,

B&H Tower Service, LLC installed one Shively 6810-8-DA- bay antenna. The C.O.R. was set at 472'. This is a 500' Allied guyed tower located at 1837 Terrace Hwy 96, St. Martinsville, LA 70582. The antenna was directed at an azimuth of 265 degrees and installed per directions accompanying the antenna from Shively. Azimuth was verified by a surveyor before the B&H Tower Service crew left the job site.

B&H Tower Service was started in 1994 and has completed hundreds of jobs across the United States for various companies ( reference sheet enclosed). We have experience in numerous types of antenna installations including directional and omni-directional FM antennas, pcs, cellular, microwave, television, and two way radio antennas.

The crew leader on the job @ St. Martinsville, LA was myself, Mark Black, President of B&H Tower Service, LLC

Sincerely,

Mark Black
