**Re: K263BS, Centralia, Washington (Facility ID No. 142916)  
BMPFT-20160729ADT  
Request to Extend Construction Deadline**

Dear Ms. Dortch:

Premier Broadcasters, Inc. (“Premier”), permittee of the above-referenced translator, by its attorneys, hereby requests an extension of time with respect to the construction deadline for the above-referenced construction permit, pursuant to 47 C.F.R. § 1.3 of the Commission’s rules in accordance with footnote 36 of AM Revitalization First Report and Order, released on October 23, 2015 (the “AM Revitalization Order”) and the Modification Window Procedures Public Notice released on October 26, 2015. Footnote 36 of the AM Revitalization Order states that, under certain circumstances, a waiver of an Auction 83 FM translator construction deadline is presumptively in the public interest for applicants that will be participating in one of the translator modification windows.

The original construction permit for the translator was granted in 2013 as a result of the Auction 83 filing window. Premier, as the then proposed assignee for the translator, filed the above-referenced modification application for the permit pursuant to the AM Revitalization Order. The modification application was granted on August 19, 2016. However, Premier did not consummate its acquisition of the translator until September 27, 2016. The permit is set to expire on January 9, 2017.

Pursuant to footnote 36 of the R&O, Premier requests that the expiration of the permit be extended for six months from the date of this letter. Premier commits to promptly constructing and operating the station.
