**Re: K280GA, Cabool, MO (Fac ID 140389) and  
K231CK, Mexico, MO (Fac ID 140405)  
CONSUMMATION NOTICE**

Dear Ms. Dortch:

By action of January 14, 2016, the FCC granted an application for the assignment from Community Broadcasting, Inc. to Screen Door Broadcasting, LLC of six FM translator construction permits. (See attached 732.) On January 26, 2016, Community Broadcasting and Screen Door Broadcasting consummated the assignment of two of the six permits (see re line above). The FCC's CDBS electronic filing system provides only two options: (i) consummation of the assignment of all of the permits included in the assignment application at one time or (ii) an indication that some of the assignments will not be consummated. In this instance, checking that the assignment of four of the six permits would not consummate is incorrect. For the avoidance of doubt, Community Broadcasting, Inc. and Screen Door Broadcasting DO intend to consummate the assignment of the remaining permits but are not yet prepared to do so.

As a result of the technical limitations of the CDBS electronic filing system, Community Broadcasting, Inc., through its counsel, herein requests that Commission's records be updated to reflect that the assignment of the FCC construction permits for *K280GA, Cabool, MO (Fac ID 140389) and K231CK, Mexico, MO (Fac ID 140405) have been consummated*. Broadcasting, Inc. will notify the Commission when consummation of the assignment of the remaining four construction permits has occurred.

Should any questions arise in connection with this matter, please communicate directly with this office.

Very truly yours,

Kathleen Victory
