Re: NOTICE OF UNATTENDED OPERATIONS FOR KBLT-LP

Dear Ms. Dortch:

I am writing per Report and Order in MM Docket 99-25, FCC 00-19, released January 27, 2000, ¶ 117, which states "LPFM stations that will operate unattended will be required to advise the Commission by simple letter of the unattended operation, and provide an address and telephone number where a responsible party can be reached during such times."

KBLT-LP will, at times, operate in unattended mode. The responsible parties who may be reached during such times are;

Ross Cooper, Chief Technician  
2420 1/2 Calumet St.  
Houston, TX 77004  
713-894-1255

Will Robedee, General Manager  
5403 Woodville Lane  
Spring, TX 77379  
713-854-1737

Should you have any questions regarding this letter, please contact either of the above.

Respectfully submitted,

Kevin E. Kirby  
Vice President for Administration
