In re: K230BF, Ada, OK
BMPFT-20150210ABO
Facility ID # 141592

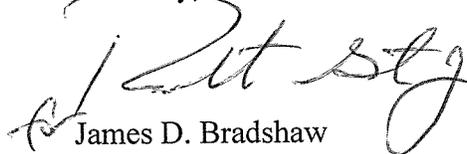

Dear Applicant:

This refers to: (1) the above-captioned application for K230BF, Ada, Oklahoma.

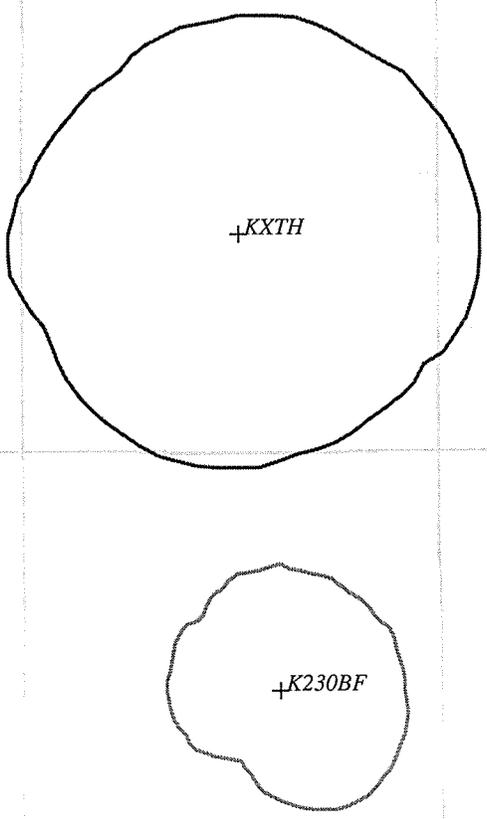

An engineering study of the application reveals that it is in violation of Section 74.1235(b)(2). The application proposes an effective radiated power ("ERP") of 115 watts. Section 74.1235(b)(2) states that the maximum allowable effective radiated power with an antenna height above average terrain (HAAT) between 174 meters and 192 meters is 75 watts. Our study reveals that the azimuth at 150° has a HAAT of 189.5 meters. The application failed to discuss this violation. Therefore, we will dismiss the application.

In light of the above, the application BMPFT-20150210ABO filed by The Love Station, Inc. is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

James D. Bradshaw
Deputy Chief
Audio Division
Media Bureau
