FCC Form 345

EXHIBIT 4

In the hope of expanding opportunity and training for minorities, women, and members of under-served communities, Assignor is donating 147 TV Translators / Low Power Television Stations to Assignee. Pursuant to an informal request from the staff at the Media Bureau, Assignor and Assignee hereby provide the following:

1. A copy of Schedule 2 of the Donation of FCC Authorizations and Assignment and Assumption of Leases Agreement ("Agreement"), listing the material and equipment (antennas, transmission line and coaxial line, transmitters, dishes, and other related electronics) being donated.
2. A copy of Schedule 3 of the Agreement, which lists the site leases being assigned (subject to third-party landlord approvals), renewed, or renegotiated.
3. The following breakout of the 147 stations being assigned lists the 89 stations currently on-air, the 48 stations that are off-air and dismantled (and the date each station went dark), and the 10 stations that are off-air but have not been dismantled (and the date each station went dark):

As explained in the assignment application (Exhibit 11), Assignee (in conjunction with the Minority Media and Telecommunications Council, Inc.) is part of the MMTC Entrepreneurship Incubator, through which these stations will be used to provide minorities and women with the experience and leverage necessary to gain access to capital and to learn the unique skills required of managers seeking to become successful entrepreneurs and owners. Assignee has filed, and continues in the process of filing, contingent assignment applications covering all of the stations being donated. Those applications will address the time-line for returning the stations which are currently dark to the air. Assignor and Assignee contemplate a unified closing where the donated stations, equipment, material, and leases are transferred to Assignee and concurrently, as necessary, to the participants in Assignee's MMTC Entrepreneurship Incubator. (Assignor is also willing to permit the carriage of one or more of its program networks – TBN, The Church Channel, JCTV, TBN Enlace, or Smile of a Child – on these facilities, as may be helpful in insuring service to the public continues and/or while final program arrangements are put in place by Assignee and the MMTC Entrepreneurship Incubator participants.)

Based on the above, and the information provided in the original assignment application, Assignor and Assignee respectfully submit the requested assignments are ripe for final processing and grant.
