

REVISED EXHIBIT 6

Holladay Broadcasting of Louisiana, LLC ("HBL") believes that it should affirmatively certify in response to Section II, Item 5, concerning character issues and that no corresponding exhibit is required.

However, out of an abundance of caution and its desire to make full disclosure to the Commission, HBL hereby relates the following matters.

Opus Broadcasting Monroe, LLC ("Opus") filed a Request for Investigation and Termination of Illegal Joint Operations before the FCC (i) In the Matter of Time Brokerage Agreement of Station KNOE (AM) [now KMLB (AM)], Monroe, Louisiana (FCC File No. BR-20040130BUY, Facility ID No. 35249) and (ii) Joint Sales Agreement and Joint Operation of Station KBYO-FM, Farmerville, Louisiana (FCC File No. BLH-19930714KZ, Facility ID No. 68796). Opus there requested the Commission to conduct an investigation into the operation of those stations to determine whether HBL and its member manager, Robert Holladay ("Holladay"), engaged in a Time Brokerage Agreement or a Joint Sales Agreement with respect to each station in violation of Section 73.3555 of the Commission's Rules.

Opus also filed a Petition to Deny Assignment of License (the "Petition") in an action involving no ownership interest of HBL or Holladay. That Petition was captioned In re: Application for Consent to Assignment of Broadcast Station License, KNOE-FM, Monroe, Louisiana (FIN-48976) (FCC File No. BALH-20071005ABA.) Opus there sought to deny the license assignment of KNOE-FM, Monroe, Louisiana, from Noe Radio Enterprises, LLC to Radio Monroe, LLC, a business entity owned by Clay Holladay, the brother of Holladay. The FCC by letter dated May 1, 2008 (DA 08-1035; 1800B3-BSH) denied the Petition filed by Opus because it had "not raised a substantial and material question of fact warranting further inquiry," and therefore granted the application to assign the license of KNOE-FM.
