## **Exhibit 23 Decatur, MS**

### **Engineering Statement in Support of Change to the Community of License**

#### **Introduction**

American Family Association requests a community of license change for WSQH.C from Meridian, MS, to Decatur, MS.

This statement is included to show that the proposed community of license change to the current construction permit for WSQH.C Meridian, MS, will not leave any area underserved according to the guidelines of 307(b).

#### **Discussion**

In the instructions for the new Form 340, the FCC describes several points that are required for a showing that the proposed community of license change would result in a preferential arrangement of allotments under section 307(b). Those requirements have been divided into the two sections below:

#### **1. Minimum Requirements**

The commission has requested that any 307(b) showing contain the following minimum information:

The number of stations licensed to the current community of license is twelve (12). The number of stations licensed to the proposed community of license is one (1).

The number of stations providing service to the proposed community of license is 30.

The population of the proposed community of license is 1,426.

Decatur, MS, has been recognized by the FCC as a licensable community

by the authorization of WZKR (FIN 76435).

## **2. Other Relevant Information**

### **A. No Change in Service/Number of Aural Services**

The proposed community of license change request does not include a transmitter move and WSQH.C will function as specified in its current construction permit (BMPED-20081021ABC).

Since the transmitter properties will not change, the entire area within the granted contour of WSQH.C will remain the same thus no underserved area will be created or currently served area affected.

### **B. Number of Aural Services**

The proposed change to WSQH.C will result in preferential arrangement of facilities. Currently, Decatur does not have a local non-commercial transmission service. This application will allow American Family Association to service as a local non-commercial transmission service for Decatur, MS.

The former community of license, Meridian, MS, continues to be served by the following facilities:

***FIN: 121802***

***Call Sign: W204BT***

**FIN: 7064**  
**Call Sign: WYHL**  
**Channel/Freq.: 1450**  
**Community of License: Meridian, MS**

### **Conclusion**

Since the transmitter properties will not change, the entire area within the contour of WSQH.C will remain the same thus no underserved area will be created or currently served area affected. The grant of this community of license change will result in a preferential arrangement of facilities as it will allow Decatur, MS, to increase non-commercial aural service.
