

List of Exhibits to Asset Purchase Agreement and Time Brokerage Agreement
and Justification for Exclusion from Application

BAPH-20021216AAK, Amendment

Asset Purchase Agreement dated October 17, 2002

Exhibit A: Exhibit A is an inventory of the equipment to be assigned by Assignor to Assignee at Closing, as well as an allocation of the approximate cost of such equipment. Pursuant to Paragraph 2(a)(ii) of the Asset Purchase Agreement, Buyer will reimburse Seller for these costs in an amount cannot exceed \$97,000.

The identity of the specific equipment to be assigned (which include a 12 bay antenna, a 10 kW transmitter, STL equipment and other technical equipment), as well as the specific cost allocations of such equipment are not material to the Commission's consideration of the instant application. Therefore, there is no public interest requirement for this information to be made public.

Exhibit B: Time Brokerage Agreement
Submitted with the instant application (Assignor's Exhibit 4); no waiver requested.

Exhibit C: Contract for Studio Lease

Exhibit C governs the terms under which certain designated areas within the office space occupied by Assignee at 1600 North Avenue West, Missoula, Montana, will be leased by Assignee to Assignor. The term of the lease is 14 months. The remaining terms are not material to a determination of whether the transaction complies with the Commission's Rules. In addition, the lease will terminate upon Closing and thus is outside the scope of the transaction.

Neither Exhibit A or C are material to the Commission's analysis of the transaction and do not bear on the qualifications of the parties.

Time Brokerage Agreement dated October 17, 2002

Exhibit A: Programming. Specifies that, subject to the terms of the Time Brokerage Agreement, Programmer shall have the right to broadcast over the Station on a full time basis, less certain time reserved to the Permittee. Provides for revenues received by the Station as a result of such programming to be paid to Programmer.

Exhibit B: Payments. Provides the amount and timing of payments to be made by Programmer to Permittee in consideration of the time provided to Programmer.

Both Exhibits A and B to the Time Brokerage Agreement contain confidential and proprietary information and do not contain terms material to the Commission's review of the transaction. These documents are not material because they do not contain terms or conditions that would be relevant to the Commission's review of the transaction.

Under Section 73.3613(d), parties to a Time Brokerage Agreement may redact "confidential or proprietary information" from copies of such agreements submitted to the Commission. The Commission has found that the payment terms and schedules are such "confidential or proprietary information," and such material is routinely redacted from Time Brokerage Agreements submitted to the Commission. Moreover, as note above, such information is not material to the Commission's consideration of this application. Thus, Exhibits A and B to the Time Brokerage Agreement are not required to be submitted to the Commission.
