The proposed facility is a class A Grandfathered short-spaced station as defined in 47 C.F.R. 73.213.

The distance between the proposed facility meets the separation requirements of 47 C.F.R. 73.207 (b) except for second-adjacent WLIT-FM, channel 230B, Chicago, Illinois and second-adjacent WZZN, channel 234B, Chicago, Illinois.

However, according to 73.213 (a)(4), there are no distance separation or interference protection requirements with respect to second-adjacent and third adjacent channel short-spacings.

Therefore, the proposed facility is in compliance with all spacing requirements.

*WZOC has requested that its pending application (BPH-20070420ABH) be withdrawn/dismissed.
