Colchester, Vermont 05446

Subject: Vermont Public Radio Station /WVBA Antenna Orientation

Dear Brian:

On September 4, 2012, I, Patricia S. Kules, Vermont Licensed Land Surveyor #608, examined the installation of the directional antenna system in Brattleboro, Vermont. I hereby certify under penalty of perjury that the antenna was oriented within plus or minus one degree of 180° True Azimuth as directed by the manufacturer, Shively Labs.

Sincerely,

Patricia S. Kules, L.S.
Vermont Licensed Land Surveyor #608
