In re: Low Power Television Application of:  
Elko Television District  
Channel 41, Elko, NV.  
File number BMPTT-20070904ABR  
Facility Id No.:19401

Dear Applicant:

We are currently processing your above-referenced modification application. Our preliminary engineering review reveals that your major change construction permit BMJPTT-20000828AJR has expired as of October 6, 2006 for channel 19, Elko, NV. In addition, you filed the above referenced application as a minor modification to the expired major change application, indicating a channel change to 41, Elko, NV. This type of request can not be filed as a minor modification application; it must be filed as a Major Change Application; therefore based on the underlying major change application being expired and the channel change to 41 being filed incorrectly as a minor modification change request, the above referenced application IS HEREBY DISMISSED and the major change construction permit as indicated above BMJPTT-20000828AJR IS HEREBY CANCELLED.

Sincerely

Hossein Hashemzadeh  
Associate Chief  
Video Division  
Media Bureau
