

Name O. D. Curtis
Address 3701 West Orange Avenue
Tallahassee FL 32310

FCC Lic # PG-6-14378

Date: December 3, 2012

On December the 3, I viewed and FM antenna Model: PSIFML-1B-DA Frequency 89.3 to be installed at 508 Auburn Ave. Alabama or (31-18-10.00 N Latitude and 86-29-10.00 W Longitude) belonging to Jordan Communications and was provided installation information produced by PSI (Propagation Systems Inc. of Ebensburg Pennsylvania) as to the mounting and installation requirements.

The Installation was done as of the following.

- A. The Antenna was mounted at a height of 249 ft as required.
- B. The Antenna was pointed in a 35 degree directions
- C. The Antenna was 15 ft below the nearest Antenna or communications devices from the top.
- D. There was not any Antennas nor any devices behind the Antenna being installed or on the same plane as the Antenna being installed by Jordan Communications
- E. There was no Antennas below the antenna or Communications devices below the Antenna installed by Jordan Communications at this site at the time of installations

The Antenna installed by Jordan Communication contractors was installed in accordance to the instruction presented to me prepared by PSI. Jordan Communications contractors completed the Installation on December 3, 2012 in my present.
