Re: Low Power FM translator station, Channel 237 (95.3 MHz center)
San Juan, Puerto Rico

Dear Eng. Louis R. du Treil Jr.

Thank you very much for the copy of your FCC application sent to us in accordance with the Puerto Rico Coordination zone agreements. We have considered the technical aspects of your application and find that your installation of the proposed modified facility is unlikely to cause harmful interference to the passive use of the Radio Astronomy bands at the Observatory.

We therefore have no objection to your proposed installation.

Sincerely yours,

Angel M. Vázquez
Spectrum Manager
