Subject: K51EK - Family Broadcasting

Mohammad,

Following up on our conversation this morning, I have checked with Family Broadcasting Group, Inc. regarding the reduced power level at which K51EK is operating. The station's current ERP is 3.43 kW due to its reduced power operation as discussed in its pending STA request.

I have also filed an electronic notification of the station's resumption of operations as you requested. A copy of that document is attached.

If you have any questions, please let me know.

John
