

**FCC Form 345**  
**Description of Transaction**

**Pro Forma Transfer of Control of The Box Worldwide LLC  
From Viacom International Inc. to New Viacom Corp.**

**Explanation of Transaction**

This is the second of three related applications that seek the Commission's consent to a series of pro forma transactions that will ultimately transfer control of The Box Worldwide LLC, ("The Box"), licensee of Class A television stations WBXI-CA and WBXN-CA, from Viacom International Inc. to New Viacom Corp. There are no written agreements related to these pro forma transfers at this time.

The proposed transfer will be effectuated in three steps as follows:

- Viacom International Inc. will transfer control of three of The Box's parent companies to New Viacom International Corp.
- Following the consummation of this transfer, Viacom International Inc. will transfer control of New Viacom International Corp. to New Viacom Corp.
- Following the consummation of this transfer, Viacom Inc. will transfer control of New Viacom Corp. to its shareholders.

Both before and after the consummation of the proposed transfers, the ultimate control of The Box will not change.

**Current Transaction – Step 2**

In the transaction contemplated in this application, Viacom International Inc. ("VII") will transfer all of its interest in New Viacom International Corp. ("NVIC") to New Viacom Corp. ("NVC").

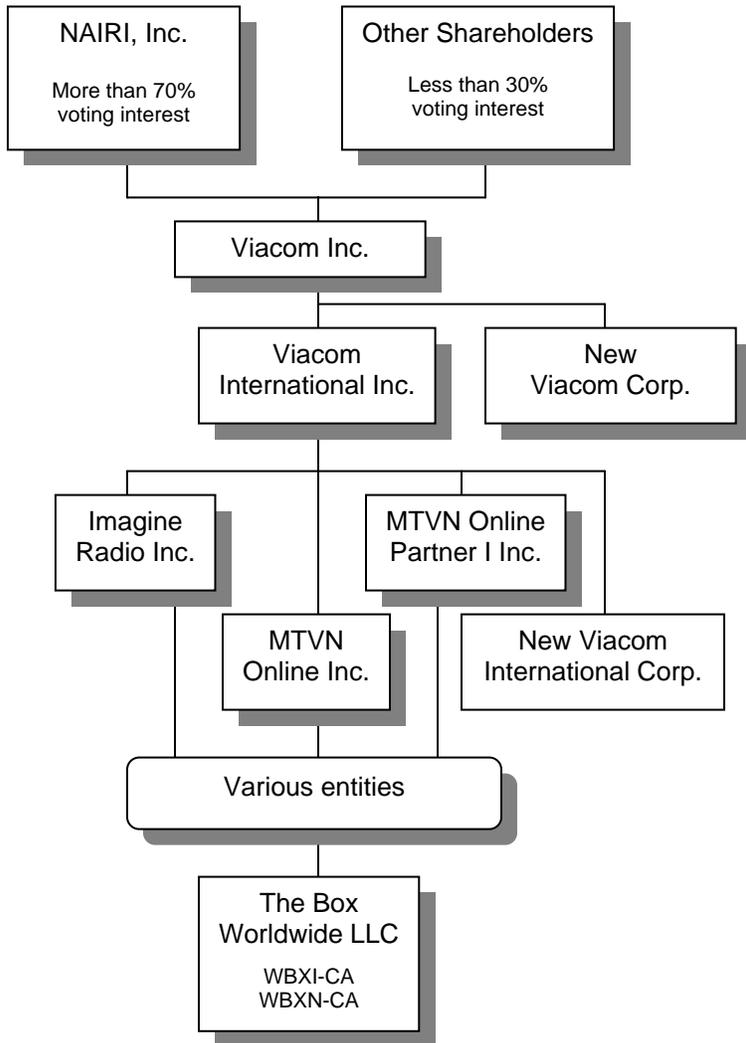

At the time of consummation, The Box will be an indirect, wholly-owned subsidiary of NVIC, a direct, wholly-owned subsidiary of VII, which is a direct, wholly-owned subsidiary of Viacom Inc. NVC is also a direct, wholly-owned subsidiary of Viacom Inc.

Thus, both before and after the contemplated transaction, The Box will remain an indirect, wholly-owned subsidiary of Viacom Inc.

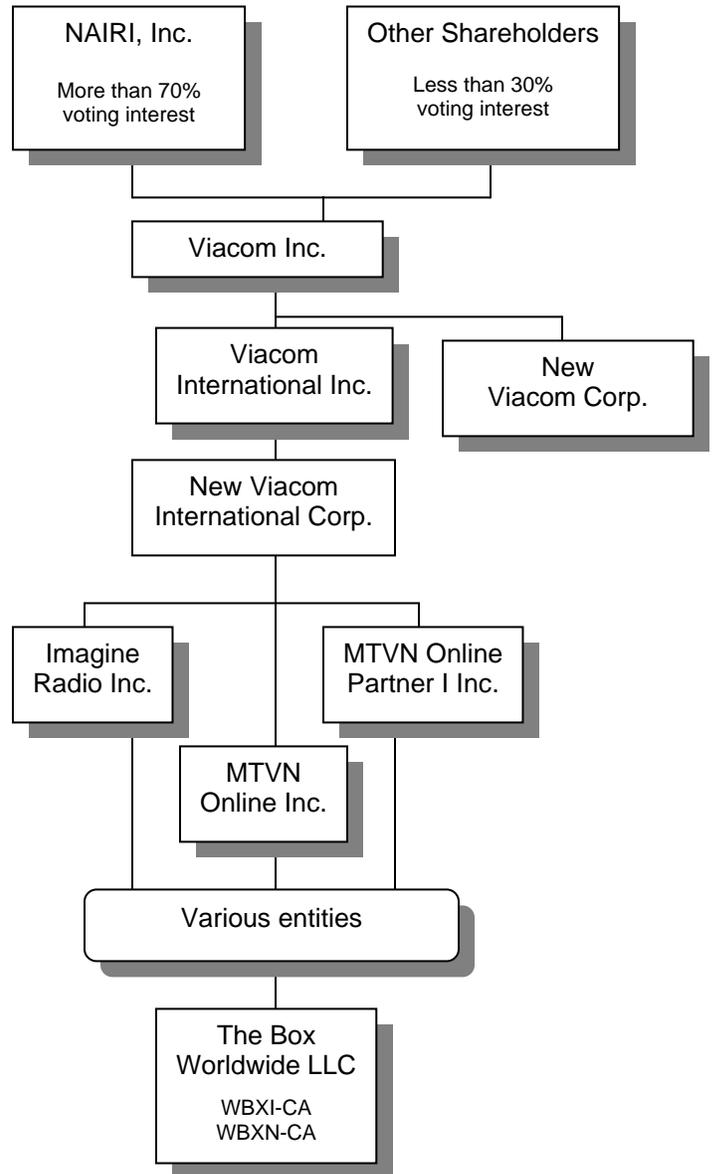

The attached charts depict the three pro forma transfers proposed in this series of applications and demonstrate that there will be no change in the ultimate control of The Box.
