ENGINEERING STATEMENT

KZZX, licensed to Burt Broadcasting is presently operating as a Class A on FM channel 288. There presently exists an allocation for KZZX to operate on FM channel 287 as a Class C3.

The purpose of this application is to request authorization for KZZX to move to FM channel 287 and operate as a Class C3 as dictated by the allocation.

An FM channel study is attached herewith to demonstrate the instant proposed site creates no interference problems with either other proposed or assigned channels.
