

Statement in Compliance with Section 73.3517(e) of the Commission's Rules

The instant application requests Commission consent to a minor change in the licensed facilities of radio station KLEY-FM, Jourdanton, Texas (Facility ID No. 55414). This application is being submitted in connection with two Coordinated Application Agreements (each, an "Agreement"), as part of a group of three applications for facilities changes. (Copies of each Agreement are attached hereto as part of this Exhibit No. 1.)

Pursuant to the terms of each Agreement, BMP San Antonio License Company, L.P. ("BMP"), licensee of KLEY-FM, is filing the instant application concurrently with applications being filed by Pearsall Radio Works, Ltd. (with respect to radio station KVWG-FM, Pearsall, Texas (Facility ID No. 52047)) and Malkan FM Associates (with respect to radio station KZFM(FM), Corpus Christi, Texas (Facility ID No. 39716)).

Because the facilities proposed for KLEY-FM in the instant application are mutually exclusive with the currently licensed facilities of both KVWG(FM) and KZFM(FM), this application cannot be granted unless and until the licenses for those two stations are modified. The facilities proposed in the applications being filed concurrently herewith by Pearsall Radio Works, Ltd. and Malkan FM Associates would, if granted, permit the grant of the instant application with respect to KLEY-FM.
