

## SECTION 73.3517(e) COMPLIANCE STATEMENT

Pursuant to Section 73.3517(e) of the Commission's Rules, the Commission will accept up to four contingently related applications filed by FM licensees or permittees. These applications are related where the grant of one is necessary for the grant of another. Each application must state that it is part of a related group, must cross-reference the other application, and must include a copy of the agreement to undertake the coordinated facility modification.

The application submitted hereto presents the statement dealing with the presence of a related group and the cross-reference to the other application. As for an agreement, the applicant, Entravision Holdings, LLC, wishes to confirm that it is the licensee of both of Stations KDVA and KVVA-FM, the two stations that are the voluntary participants. In that there is but a single entity, there is no need for a formal agreement, as an agreement means an understanding by and between two different parties, which would not be possible in this instance.

In the event that a formal agreement is necessary, Entravision Holdings, LLC hereby commits to undertake the coordinated facility modifications being proposed in the applications submitted by and for Stations KDVA and KVVA-FM.
