I, Phillip Vaughan, have acted as Chief Engineer for KFRG-FM for 9 years and have been a professional broadcast engineer for over 17 years. I can certify that the ERI LP-2E-DA-HW being operated as a backup system for KFRG was installed and mounted according to manufacturer's specifications.

In accordance with the recommendations from the REE study performed, the proper signage was installed and mounted to the site's fencing.

Phillip Vaughan  
Chief Engineer  
KFRG/KXFG
