Dear Applicant:

This refers to your attorney's letter dated December 10, 2012, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that in order to make space for the installation of a new replacement transmitter, the station is partially removing the existing transmitter. You point out that during operation at reduced power, WIPM-TV will continue to provide a city grade contour over its city of license, Mayaguez, Puerto Rico. You state that reduced power operations will continue to be necessary while the applicant is trying to complete the construction and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until June 11, 2013 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
