**PERMITTEE OF WSKA(TV) CHANNEL 30**

**CORNING, NEW YORK**

**FCC FILE Nos. BPET-19960126KE  
BMPEDT-20040413AAJ**

**EXHIBIT 1**

**1: BACKGROUND**

WSKG PUBLIC TELECOMMUNICATIONS COUNCIL has a pending application to specify DTV operation on unpaired NTSC Channel 30 in Corning, NY (File No. BMPEDT-20040413AAJ). The instant minor engineering amendment to that pending application is to specify a different transmitting site, antenna structure, and HAAT.

**2. AMENDED FACILITIES REQUESTED**

The instant minor application is to change the data in paragraphs 3 and 5 through 9 of Section VII - DTV Engineering of FCC Form 340 to modify the pending application to a different transmitter site closer to Corning, the city of allocation, specify a different antenna structure type and overall height, change the C/R AG and AMSL, and change the HAAT from 242 to 319 meters. There is no change in ERP or in the proposed non-directional antenna.
