

### License Certification

Construction permit file number BPCDT-20140917AFD requires notification of health care facilities potentially affected by this DTV operation.

The facility described in this application has been operating under special temporary authorization extension BEDSTA-20131202CCX (expiration date 01/08/2015), originally authorized under STA file number BDSTA – 20090724ACB dated July 24, 2009.

All affected health care facilities were notified by J. C. Curley & Company on July 27, 2009, prior to commencement of operation of this facility. A copy of the notification can be provided if required.
