

Environmental requirement statement

WNJB New Brunswick, NJ

The facility proposed in this application is for an auxiliary antenna that will be mounted on the same tower and below the WNJB main antenna; therefore, a full environmental assessment is not required. In addition, an RF exposure study has determine that the levels on the ground in the vicinity of the tower will be well below the acceptable limits. All other current required safeguards related to the site with regard to both workers and the general public will remain in place.
