Database Certification

The licensee notes the following error in the license authorization and database technical information for station KBGS-TV (File No. BLEDT-20090619ACP):

The geographic coordinates listed in the station license and database information are incorrect and do not match the coordinates in the corresponding Antenna Structure Registration (ASRN 1250854). The licensee will file separately to modify the station license to match the ASRN coordinates, specifically to correct the licensed site coordinates from 45-46-09 N, 108-27-26 W (NAD 27) to 45-46-1.1 N, 108-27-26.3 W (NAD 27) / 45-46-0.9 N, 108-27-28.8 (NAD 83).
