**WRBU, East St. Louis, IL (Fac. ID No. 57221)**  
**Schedule 381 Certification**

**Information Concerning Antenna Support Structure**

WRBU's antenna is mounted on a tower with the ASRN number 1003634. The Commission's antenna registration database indicates that the tower is owned by Roberts Broadcasting Company. The Broadcast Trust believes that information is incorrect and that the tower is owned by a different entity controlled by the former owners of Roberts Broadcasting Company.
