

**KNOV-CD DT CH 41 NEW ORLEANS, LOUISIANA  
ENVIRONMENTAL CERTIFICATION  
JULY 09, 2015**

This application is being filed for the sole purpose of correcting the antenna description associated with the station. The antenna is mounted on the roof of an existing multi-story building.

The support structure, building and utilities are existing. No construction of any kind is proposed.

The licensee will comply with OET-65 Guidelines for worker safety and reduce power or cease transmission as required.
