B. W. St. Clair

**STA Extension
DK68BM K44LD-D FI 58354**

APPLICANT HAS BEEN OPERATING THIS CH 44 ON AN STA SINCE FEB 2012 AND SEEKS AN EXTENSION TO CONTINUE SERVICE.

DUE TO A CHANGE IN PERSONNEL, THERE WAS A LOSS OF THE FRN PASSWORD THAT HAS BEEN RECENTLY RECOVERED AND CAUSED A LAPSE IN TIME TO GET THE STA FILED TIMELY.

APPLICANT INADVERTENTLY ALLOWED THE ANALOG LICENSES TO LAPSE. APPLICANT FEELS IT IS IN THE PUBLIC INTEREST TO CONTINUE SERVING THIS RURAL AREA OF SOUTH DAKOTA AND IS PREPARING DIGITAL STA APPLICATIONS ON CHANNELS 50, 48, 46 AND 44 TO BRING 3 OUT OF CORE STATIONS INTO THE CORE. APPLICANT WILL FILE FOR PERMANENT LICENSES AT THE NEXT AVAILABLE OPPORTUNITY.

Environmental Considerations:

The antenna will be installed on an existing tower and the equipment will be in an existing building. No construction is required.

Respectfully submitted,

B. W. St. Clair
